FOCUSED FIELD TRIPS

November:

Tuscaloosa Through Time

Students will learn about life way back when! Explore old technology, learn myths and legends and experience what school was like! Great for 3rd Grade standards!

December: History of the Holidays

Discover traditions around the world as students travel to Mexico, Japan and Germany. Students will make Mexican metal art, decorate German lebkuchen and delight in the culture of Japan during The New Year celebration!

April/May: Science on the River

Explore Tuscaloosa's diverse wetlands habitat at the Riverwalk! Build a food web, look for decomposers and learn how living things survive in a constantly changing environment!

What's the Matter?

(offered any time of the year!)

Students work in small groups to learn about conservation of matter and look for evidence of chemical reactions while doing exciting experiments. Great for meeting 5th grade chemistry standards.

Shocking Sensations!

(offered any time of the year!)

Students will move through electricity focused stations to learn about circuits, conductors and nonconductors. Small groups mean more hands-on experiences!

**To Book a K-2 Field trip:
